

Rose Penelope Yee
U.S. Representative, District 1
Occupation: Businesswoman, Volunteer NonProfit Leader

Education and Qualification:

I am running for Congress to protect and expand our freedom to access the healthcare we need, to get the education we want, to achieve financial security, and to live in a safe environment.

As a small business owner, a leader in the socially responsible business movement, and a survivor of dictatorship, I know what it takes to persist through tough challenges and build support across differences to drive positive change. And as the North State s representative in Congress, I will use those skills to make life better for the people of this district and all Americans.

My priorities include: guaranteeing quality, affordable healthcare to everyone, ultimately through Medicare for All; increasing funding for education in rural communities, ensuring that everyone who wants to can go to college and expanding apprenticeship programs; protecting Social Security and creating a federal jobs guarantee; restoring women's rights to make decisions about their own bodies; and investing in wildfire prevention and resilience, clean water, and clean energy projects that create good long-term jobs.

To secure these foundations for a thriving community and personal freedom, we must also eliminate the excessive influence of billionaires on our government. I will pursue all avenues for doing that. I m here to challenge systems that need challenging and provide real representation for the people of this district.

Please go to www.roseforcongress.com to learn more about me and my Care Agenda.

It will be my honor to serve you.
